

As the federal agency with the authority to demand that Sinclair Broadcast Group, Inc. comply with the Fairness Doctrine law I strongly urge you to: (1) withdraw its showing of Stolen Honor; or (2) require it to also show Going Upriver or, as an alternative, Michael Moore's Fahrenheit 9/11. It is imperative that you use the power invested in you to assure that the American people receive balanced information as they prepare to vote in the most important election of our lifetimes.
